

Principles for press and media contact

Contact

Van Oord's Communication & Markets Department (C&M) manages all contacts with the media. C&M maintains relationships with media outlets.

All media requests for information should be passed on to C&M at the head office in Rotterdam. Robert de Bruin is the spokesperson (see below for contact details); Irene den Braven is his deputy.

Van Oord general media principles

In response to any request we maintain the following principles:

- We do not address or refer in any way to market 'rumours'
- We do not refer to projects before consulting/coordinating/having the consent of the client
- We do not refer to competitors' strategy and policy
- We do not refer to ongoing (legal) proceedings/disputes/conflicts/investigations by the authorities
- We do not refer to take-over and acquisition processes
- We do not refer to agreements/contracts with suppliers - do not refer to persons and employees working for Van Oord

Supplier requests

Van Oord usually does not disclose agreements made with suppliers. We also do not allow third parties to use Van Oord's logo or images in press releases, advertisements or other commercial activities. An exception may be a strategic alliance or a major or significant contract, but only with C&M's approval.
